Brennan Healing Science® is an  
enlightening system of energy  
work that combines hands-on  
healing techniques with spiritual  
and psychological processes...  
touching every aspect of your life.

Based on the living dynamics of our human energy-  
consciousness system and its relationship to the greater world  
of which we all are intimately a part, Brennan Healing Science  
can help transform your life into the balanced, enlightening  
experience of mystery that you've always wanted it to be.

This workshop is designed to give you a thorough and  
experiential introduction to the transformative work of Brennan  
Healing Science, and will take place on Saturday, September 25  
(9:00AM-5:00PM) and Sunday, September 26 (9:00AM-4:00PM).

The format of this workshop will include lectures, healing  
demonstrations, guided exercises and meditations, hands-on  
healing techniques, practice healings and self-healing exercises.

By joining us, you will be introduced to your ability  
to give hands-on healings to others, as well as opening your  
latent ability to perceive the human energy field. This is a rare  
opportunity to step into an expanded view of life, where we  
see that we are more than just our physical bodies.

*We are beings of energy and consciousness!*

These teachings on human energy and consciousness,  
health, healing and self-awareness, are at the cutting edge  
of human development.
